

where the grass is always greener

## COUNTY BARGOLD (WITH RYE) SPECIFICATION SHEET

### DETAILS

County Bargold is perfect for use on golf tees, fairways and green surrounds. We produce a Bargold grade incorporating one of the finest ryegrass varieties available - Barolympic. This is a superior finer tees mix whilst still having the harder wearing ryegrass to help with wear.

It is a low maintenance turf with a medium fine texture and superb year round colour and can be mown down to 8mm.

### TYPICAL SEED COMPOSITION – COUNTY BARGOLD (WITH RYEGRASS)

#### Grass Species

- **30% Barolympic** - Perennial Ryegrass
- **35% Barcrown** - Slender Creeping Red Fescue
- **35% Viktorika** - Slender Creeping Red Fescue

### S.T.R.I. CULTIVAR PROFILE

**Barolympic** The top rated Perennial ryegrass in 2024. Superior fineness of leaf, the top of the listing scoring 8.1, with the highest score for shoot density also at 8.1. Excellent tolerance to close mowing and the cleanness of cut is superb. Very good disease resistance.

**Barcrown** One of the best rated Slender Creeping Red Fescue cultivars in 2024. Exceptional shoot density, fine leaved and excellent year round greenness. The most disease resistant slender cultivar.

**Viktorika** A very highly rated Slender Creeping Red Fescue cultivar. Excellent disease tolerance and can be closely mown. A wonderful green colour year round with a fine leaf texture, Viktorika scores highly in both shoot density and visual merit.
